Together, we are all trying to build our fortune by finding well-run companies at bargain-basement prices. But it takes work -- scouring company earnings reports, scrutinizing key data, and assessing the competition.

Because of that, we've created a screen based on the massive data aggregated from the more than 165,000 investors competing on our [Motley Fool CAPS](#) platform. Each quarter, we check in on select companies after they file a 10-Q and track community sentiment -- so you can see how your company is doing.

Here's the community sentiment on **Ebix** (Nasdaq: [EBIX](#)) both this quarter and last (for comparison), as well as opinions on some related companies.
